

Psychology (BS)

This program is offered by the College of Science and Health/ Psychology Department. It is available at select international campuses, but it is not available at the St. Louis main campus. The US equivalent is the BS in Psychological Science. Please see the Locations Offering Undergraduate Programs section of this catalog for a list of campuses where this program is offered.

Program Description

The bachelor of science (BS) in psychology is designed to provide the biological, cognitive, personality and social contexts for understanding the behavior of individuals throughout their lifespan. Students who successfully complete the BS in psychology will have the foundation, research skills and data analysis expertise to succeed in a MA/PhD psychology graduate program (e.g. clinical psychology, experimental psychology, etc.).

Students graduating with a bachelor of science (BS) in psychology will need to pursue a graduate degree before they are able to obtain professional licensure. Students are encouraged to check entrance requirements for any post-graduate programs prior to finishing their BS at Webster in the event they need to take additional coursework.

Learning Outcomes

Upon completion of the program, students will be able to:

- Describe the major concepts, theoretical perspectives, empirical findings and historical trends in psychology.
- Implement the use of scientific reasoning to interpret psychological phenomena and demonstrate the ability to to
