Transfer students who have taken introductory coursework in the major should not expect to complete their degree in fewer than four semesters due to sequential nature of courses.

Courses completed with a grade below a C- do not count toward fulfilling the specific course requirements of the major or general education/Global Citizenship Program.

Most students who major in the School of Communications must complete a portfolio review as a requirement for graduation. While the majority of work students will exhibit for this review should come from assignments in their courses at Webster University, students may also include exceptional work they have completed at other institutions. Therefore, the departments suggest incoming transfer students save any such work they deem appropriate for the portfolio review. Any questions about the portfolio review process should be directed to their academic advisor.

Webster University provides full transfer of coursework successfully completed as part of an associate degree awarded by a regionally accredited institution. While students with associate's degrees typically transfer 60-66 credit hours, Webster will transfer in all coursework that is part of the completed associate degree. Transfer of additional lower-division credit beyond the associate's degree is restricted. All transfer credit is capped at 90 credit hours.

All transfer coursework must be college-level (1000-level or above) with a passing grade. A grade of D or higher is considered passing, but a D will have severe transfer restrictions. Pass/Fail courses will count for transfer credit if the student received a Pass. For repeated courses only the second grade will be counted. Incomplete grades are not accepted in transfer. Formal evaluation of transfer credit is conducted by the Office of the Registrar upon admission to the University.

GENERAL EDUCATION/GLOBAL CITIZENSHIP PROGRAM:

Webster University requires all baccalaureate students to complete a general education program. The Global Citizenship Program (GCP) is a set of undergraduate degree requirements and a general education program developed by Webster University faculty to help prepare students to confront global problems and 21st century challenges.
